What Happens Next?

Once you have signed up for a Team Package and we have received your deposit, one of our Project Coaches will contact you. You will be provided with a Project Log to help you get all of the photos and video we will need to produce your video.

You will then be given a team log-in to our web-site, where you can begin uploading the media files for our editors to get to work. Once the video is completed, you will be able to view it on-line so you can proof it for errors. After that, there's nothing left to do, but tear your ticket and start popping some corn!
